Annotation / Аннотация

During the Civil war in Russia and the exodus of the White army together with it some military schools emigrated. Part of them settled in Yugoslavia. Russian military schools were recreated there, among them the Crimean military schools.

В ходе Гражданской войны в России и исхода Белой армии вместе с ней эмигрировали и некоторые кадетские корпуса. Часть из них оказалась в Югославии. Там были воссозданы российские кадетские корпуса, в том числе и Крымский кадетский корпус.
