Romanov's reigning dynasty in social-cultural sphere of Kursk region: 1613–1913th

Annotation

The article includes the fact about the direct link between Kursk region and the stay of Romanov's dynasty on the Russian throne. It is known that Mihail Romanov was elected for reign by Zemsky Sobor, and we have found the names of Kursk citizens, who participated in its assemblies. There are materials describing Russian tsar's visits to Kursk and documents with the information about the celebration of 300th anniversary of Romanov's dynasty existence.
